The Coordinating Council for Children, Youth and Families (Cambridge Kids' Council), established in 1991, is a City board dedicated to improving the quality of life for its children and their families through making policy recommendations and setting up programs and services. The Council brings together parents, community organizations, top City officials, and representatives of philanthropy, business, and universities to advocate for the well being of Cambridge children.

Four current major initiatives of the Kids' Council to achieve its mission are:

Centers for Families

Centers for Families is an initiative to develop school-linked, neighborhood-based family support centers for all families, particularly to those with children from birth to age 5. By coordinating formal and informal resources, the centers will link families to a full range of services to support them in nurturing their young children. The initiative began with the establishment of the Center for Families of North Cambridge in 1994. Planning for a second center has begun along with ongoing efforts to expand family support activities across the city.

Agenda for Children

Introduced to the city in 1997, this initiative is to bring together different city departments, community-based organizations, businesses, philanthropies, and residents to ensure that our city's children are healthy and successful in school while living in strong communities. A special feature of this initiative is *Community Engagement*, to ensure community involvement in the planning and implementation of the initiative's two goals.

Goal #1

Children and their families will be able to read.

Objectives

- That parents and primary caregivers be supported in their role as primary and continuous teachers of language.
- That childcare workers and teachers be supported in their role in developing literacy and have the necessary tools.
- That children have access to necessary resources to practice literacy activities.
- That children who might experience difficulty learning to read and write be identified early and receive support.

Lei-Anne Ellis, Literacy Coordinator
119 Windsor Street, Ground Level
Cambridge, MA 02139
Tel: (617) 665-3827
E-mail: lellis@challiance.org

Goal #2

Children and youth will have equal access to safe, stimulating, nurturing and healthful out-of-school time activities.

Objectives

- That families and service providers improve their connection to one another.
- That the service providers strengthen operational infrastructure through partnerships.
- That all programs strive for the highest quality through innovative programs.

Susan Richards,
Out-of-School Time Coordinator
51 Inman Street
Cambridge, MA 02139
Tel: (617) 349-4099
E-mail: sscott@cambridgema.gov

Youth Involvement

Began in 2001, this initiative is to develop a group of young people working with adult supporters to increase youth participation in the civic life of Cambridge. The initiative's guiding principles are:

- To have as many youth participate in opportunities created by and for young people
- To ensure diverse representation of youth throughout the city of Cambridge.

The goals of the initiative are to have youth develop leadership skills, voices to raise issues that are important to them, solutions to those issues, and a vehicle for youth decision-making in the city. Youth ages 14 to 18 are recruited to participate in the planning and implementation of short and long term projects. Ongoing recruitment of youth as well as parents and other adults to join the effort are conducted to ensure diverse representation and to strengthen youth to parent and adult connections.

Policy Plan for Inclusion of Children & Families with Disabilities

In November 2002, the need for a citywide policy plan for inclusion of children and youth with disabilities in out-of-school time programs and activities was identified. The Kids' Council formed a subcommittee in February 2004 to develop the *Cambridge Policy Plan for Inclusion of Individuals with Disabilities in Out-of-School Time Programs*. In February 2006, the Cambridge City Council and School Committee unanimously adopted that Policy Plan, making it an official City policy. The next step on this effort will be to implement the Policy Plan.

In addition to these four major initiatives, the Kids' Council is working on several other efforts to respond to the needs facing our city's children. Parents and interested parties are invited to attend the Kids' Council meetings and participate in the Council's working groups. Please contact us for additional information.

(This TTY number is a dedicated phone line for people who are deaf or hard of hearing, or who have a disability that requires use of a text telephone.)

The Commission works to raise awareness about disability and access issues throughout the City of Cambridge. We strive to eliminate discrimination and to promote equal opportunity for people with all types of disabilities – physical, mental and sensory. Through the work of the Commission in collaboration with other DHSP and City programs, Cambridge was named by the National Organization on Disability as the Grand Prize Winner in the Accessible America 2005 competition, recognizing the City's record of accomplishment in making Cambridge a more disability-friendly city. The Commission provides information, referral, guidance, and technical assistance to individuals and their families, schools, employers, public agencies, businesses, and private non-profit organizations. Examples of our ongoing work include:

- work with various City departments to ensure compliance with the Americans with Disabilities Act (ADA), including access for people with disabilities to City facilities and programs,
- provide free disability awareness training upon request for any Cambridge business, school or non-profit,
- issue Temporary Disability Parking Permits to Cambridge residents,
- provide Taxi Discount Coupons to disabled Cambridge residents in conjunction with the Cambridge Council on Aging, and
- work with the Traffic, Parking, and Transportation Department to establish new accessible parking spaces as needed

The goal of our 11-member citizen advisory board, comprised primarily of individuals with disabilities, is to maximize access to all aspects of Cambridge community life. Our regularly scheduled Commission meetings, which always include an opportunity for public comment, are held at 5:30 p.m. on the second Thursday of each month. Our monthly **AccessLetter** provides information and news on a variety of disability-related topics and welcomes articles and story suggestions. As such, the objectives of the program fall under the theme of enriching the personal development of youth participants: 1) to provide tangible educational and professional skills; 2) to promote greater personal responsibility through life skills and wellness activities; 3) to broaden the horizons of youth participants through exposure to alternative career opportunities and cultural outings. The centerpiece of the program will be the leadership development of youth participants through collaboration and presentations. The knowledge and skills obtained throughout the summer will culminate in a job shadowing experience for each one of the participants.

All participants must register with the Mayor's Summer Youth Employment Program.
